## Board Policy

### Education For Homeless Children

BP 6173

#### Instruction

\*\*\*Note: The following policy reflects the intent of the McKinney-Vento Homeless Assistance Act (42 USC 11431-11435) that each homeless student should have equal access to the same free, appropriate public education and services as other students. \*\*\*

The Governing Board desires to ensure that homeless students have access to the same free and appropriate public education provided to other students within the district. The district shall provide homeless students with access to education and other services necessary for them to meet the same challenging academic standards as other students.

(cf. 6011 - Academic Standards)

\*\*\*Note: 42 USC 11432 mandates that districts adopt policies and practices that ensure that homeless children are not segregated or stigmatized on the basis of their status as homeless. This law also prohibits the segregation of homeless students into a separate school or program; however, separate schools that were in operation before the reauthorization in 2001 may continue to operate under specified conditions. \*\*\*

Homeless students shall not be segregated into a separate school or program based on their status as homeless and shall not be stigmatized in any way.

(cf. 3553 - Free and Reduced Price Meals)

\*\*\*Note: Pursuant to 42 USC 11432, placement determinations for homeless students must be made according to the student's "best interest," as defined in the accompanying administrative regulation. \*\*\*

The Superintendent or designee shall ensure that placement decisions for homeless students are based on the student's best interest as defined in law and administrative regulation.

\*\*\*Note: Education Code 52060-52077 require districts to develop a local control and accountability plan (LCAP) which must be aligned to specific state priorities and any additional local priorities, and which must contain annual goals for all students and for each "numerically significant" student subgroup and the specific actions to be taken to achieve each goal; see BP/AR 0460 - Local Control and Accountability Plan. AB 104 (Ch. 13, Statutes of 2015) amended the definition of "numerically significant student subgroups" in Education Code 52052 to include homeless students, when there are at least 15 homeless students in the school or district. \*\*\*

Comment [WT1]: Update to EC

When there are at least 15 homeless students in the district or a district school, the district's local control and accountability plan (LCAP) shall include goals and specific actions to improve student achievement and other outcomes of homeless students. (Education Code 52052, 52060)

(cf. 0460 - Local Control and Accountability Plan)

\*\*\*Note: The following optional paragraph may be revised to reflect district practice. Pursuant to Education Code 52064.5, as amended by AB 104 (Ch. 13, Statutes of 2015), the State Board of Education is required to adopt evaluation rubrics by October 1, 2016, for use by districts in evaluating their strengths, weaknesses, and areas that require improvement for the purpose of updating their LCAP. \*\*\*

At least annually, the Superintendent or designee shall report to the Board on outcomes for homeless students, which may include, but are not limited to, school attendance, student achievement test results, promotion and retention rates by grade level, graduation rates, suspension/expulsion rates, and other outcomes related to any goals and specific actions identified in the LCAP. Based on the evaluation data, the district shall revise its strategies as needed to better support the education of homeless students.

(cf. 0500 - Accountability)
