

CSBA Sample Board Policy

Free And Reduced Price Meals

BP 3553

Business and Noninstructional Operations

Note: Education Code 49550 requires all districts to provide at least one nutritionally adequate meal during each school day to low-income students, defined in Education Code 49552 as those who meet federal eligibility criteria for free and reduced-price meals. Pursuant to 42 USC 1758 and 1773, districts that participate in the National School Lunch and/or Breakfast Program may receive reimbursement for free and reduced-price meals at a higher rate than that provided for meals for noneligible students. In addition, state funding may be available through the State Meal Program (Education Code 49490-49494). The district may apply to the California Department of Education (CDE) for available state and federal funds.

Note: The requirement to provide at least one nutritionally adequate meal to needy students applies during summer school sessions unless the district receives a waiver from the State Board of Education (SBE) under the conditions described in Education Code 49548. In order to receive a waiver, the district is required to submit a waiver request no later than 60 days before the last regular meeting of the SBE before the start of the summer school session for which the waiver is sought. Funding to support the provision of summer school meals is available through the Seamless Summer Feeding Option and/or Summer Food Service Program (Education Code 49547.5; 42 USC 1761); see BP/AR 3552 - Summer Meal Program.

Note: Student eligibility for free and reduced-price meals serves as the basis for identifying students as low income for a variety of purposes, including, but not limited to, state allocations of supplemental and concentration funding within the local control funding formula. Districts must use such funding to increase or improve services for low-income students and other populations of "unduplicated students" (see BP/AR 3100 - Budget) and must establish goals and specific actions for low-income students in the local control and accountability plan (see BP/AR 0460 - Local Control and Accountability Plan).

Note: The following policy is mandated for any district that authorizes employee access to students' free and reduced-price meal eligibility information for the disaggregation of academic achievement data and other specified purposes; see section "Confidentiality/Release of Records" below.

The Governing Board recognizes that adequate nutrition is essential to the development, health, and learning of all students. The Superintendent or designee shall facilitate and encourage the participation of students from low-income families in the district's food service program.

The district shall provide at least one nutritionally adequate meal each school day, free of charge or at a reduced price, for students whose families meet federal eligibility criteria. (Education Code 49550, 49552)

Note: In order to be reimbursed for free and reduced-price meals, a school must meet federal and/or state nutritional guidelines in 7 CFR 210.10 and 220.8 and Education Code 49430 and 49430.7, as described in AR 3550 - Food Service/Child Nutrition Program.

The Superintendent or designee shall ensure that meals provided through the free and reduced-price meals program meet applicable state and/or federal nutritional standards in accordance with law, Board policy, and administrative regulation.

(cf. 3550 - Food Service/Child Nutrition Program)

Note: The federally funded Special Milk Program (42 USC 1772; 7 CFR 215.1, 215.7) assists in providing milk to students at reasonable prices in schools that do not participate in the National School Lunch or Breakfast Program or Summer Food Service Program. Participating districts may, at their discretion, choose to provide milk at no charge to students who qualify for free and reduced-price meals. The following optional paragraph is for use by districts that choose to provide free milk to eligible students.

Comment [J1]: Special Milk Program only available for those that do NOT participate in the National School Lunch Program- NA for PSD

Schools participating in the Special Milk Program pursuant to 42 USC 1772 shall provide milk at no charge to students who meet federal eligibility criteria for free or reduced-price meals.

Note: Education Code 49557 requires the district to develop a plan ensuring that students receiving free and reduced-price meals are not treated differently in the implementation of the food services program. See the accompanying administrative regulation for plan requirements.

The Board shall approve, and shall submit to the California Department of Education for approval, a plan that ensures that students eligible to receive free or reduced-price meals and milk are not treated differently from other students. (Education Code 49557)

shall be confidential and may not be released except as provided by law and authorized by the Board or pursuant to a court order. (Education Code 49558)

(cf. 5125 - Student Records)

Note: The remainder of this section should be revised to reflect the purposes for sharing free and reduced-price eligibility information that are authorized by the Board.

Note: Education Code 49558 authorizes the Governing Board to allow district employees to use the name and eligibility status of students participating in the free and reduced-price meals program for the purpose of disaggregation of academic achievement data. Education Code 49558 also allows districts with schools in program improvement, pursuant to 20 USC 6316, to use this information to identify students eligible for school choice and supplemental educational services; see BP/AR 0520.2 - Title I Program Improvement Schools. Districts wishing to use free and reduced-price meal records for these purposes are mandated to adopt a policy authorizing employee access. See the accompanying administrative regulation for additional requirements applicable to districts that authorize such access.

The Board authorizes designated employees to use individual records pertaining to student eligibility for the free and reduced-price meals program for the purposes of: (Education Code 49558)

1. Disaggregation of academic achievement data

(cf. 6162.51 - State Academic Achievement Tests)

2. In any school identified as a Title I program improvement school pursuant to 20 USC 6316, identification of students eligible for school choice and supplemental educational services

(cf. 0520.2 - Title I Program Improvement Schools)

(cf. 6171 - Title I Programs)

Note: According to CDE Management Bulletin SNP-12-2015, Education Code 49558 does not prohibit the sharing of free and reduced-price meal application information to other districts/schools for the purpose of determining students' eligibility. The district may provide only the student's name and eligibility status unless the applicant consents to the sharing of additional information.

If a student transfers from the district to another district, charter school, county office of education program, or private school, the Superintendent or designee may share the student's meal eligibility information to the other educational agency to assist in the continuation of the student's meal benefits.

The Superintendent or designee may release the name and eligibility status of a student participating in the free or reduced-price meal program to another school district, charter school, or

county office of education that is serving a student living in the same household for purposes related to program eligibility and data used in local control funding formula calculations. (Education Code 49558)

The Superintendent or designee may release the name and eligibility status of a student participating in the free or reduced-price meal program to the Superintendent of Public Instruction for purposes of determining allocations under the local control funding formula and for assessing accountability of that funding. (Education Code 49558)

The Superintendent or designee may release information on the school lunch program application to the local agency that determines eligibility for participation in the Medi-Cal program if the student has been approved for free meals or, if included in the agreement with the local agency, for reduced-price meals. He/she also may release information on the school lunch application to the local agency that determines eligibility for CalFresh or another nutrition assistance program authorized under 7 CFR 210.1 if the student has been approved for free or reduced-price meals. Information may be released for these purposes only if the student's parent/guardian consents to the sharing of information and the district has entered into a memorandum of understanding with the local agency which, at a minimum, includes the roles and responsibilities of the district and local agency and the process for sharing the information. After sharing information with the local agency for purposes of determining eligibility for that program, no further information shall be shared unless otherwise authorized by law.
