### FINANCIAL REPORTS AND ACCOUNTABILITY

#### Interim Reports

Note: Education Code 42130 requires that the district issue two interim fiscal reports; see the accompanying Board policy for information about the use of these reports to certify whether the district will be able to meet its fiscal obligations for the remainder of the fiscal year and, based on current forecasts, for the two subsequent fiscal years.

Each interim fiscal report developed pursuant to Education Code 42130 shall include an assessment of the district budget as revised to reflect current information regarding the adopted state budget, district property tax revenues, if any, and ending balances for the preceding fiscal year. (Education Code 42130, 42131)

Note: Interim reports must be based on the criteria and standards adopted by the State Board of Education (SBE) pursuant to Education Code 33127. These criteria and standards are specified in 5 CCR 15453-15464, as amended by Register 2013, No. 49, and address the areas listed below. As amended, 5 CCR 15453 and 15460 replace the standard for revenue limits with a standard for LCFF revenue beginning in the 2014-15 fiscal year. 5 CCR 15460 provides that projected LCFF revenue for the current fiscal year or any of the two subsequent fiscal years should not have changed by more than two percent since budget adoption.

The interim reports shall be based on State Board of Education (SBE) criteria and standards which address fund and cash balances, reserves, deficit spending, estimation of average daily attendance (ADA), projected enrollment, ratio of ADA to enrollment, projected local control funding formula (LCFF) revenue, salaries and benefits, other revenues and expenditures, and facilities maintenance. For purposes of assessing projections of LCFF revenue, the first interim report shall be compared to the adopted district budget, and the second interim report shall be compared to the projections in the first interim report. (Education Code 42130; 5 CCR 15453-15464)

(cf. 3100 - Budget)

(cf. 3220.1 - Lottery Funds)

(cf. 3300 - Expenditures and Purchases)

(cf. 3314 - Payment for Goods and Services)

The report shall also provide supplemental information regarding contingent liabilities, use of one-time revenues for ongoing expenditures, contingent revenues, contributions (i.e., projected contributions from unrestricted general fund resources to restricted general fund resources, projected transfers to or from the general fund to cover operating deficits in the general fund or any other fund, and capital project cost overruns that may impact the general fund budget), long-term commitments, unfunded liabilities, temporary interfund borrowings, the status of labor agreements, and the status of other funds. (Education Code 42130; 5 CCR 15453, 15464)

(cf. 3110 - Transfer of Funds)

### Audit Report

Note: Pursuant to Education Code 41020, each year the district is required to arrange for an independent audit of all the district's funds. The audit must be approved by the Governing Board and submitted to the County Superintendent of Schools, California Department of Education (CDE), and State Controller within specified timelines. See the accompanying Board policy.

The Superintendent or designee shall establish a timetable for the completion and review of the annual audit within the deadlines established by law.

Note: The following paragraph is **optional**. Governmental Accounting Standards Board (GASB) Statement 34 contains requirements for the contents of the district's annual audited financial reports.

The Superintendent or designee shall provide the necessary financial records and cooperate with the auditor selected by the Governing Board to ensure that the audit report contains all information required by law and the Governmental Accounting Standards Board (GASB).

Note: Pursuant to Education Code 41020, the audit must include an audit of income and expenditures for all district funds, as provided below. Additionally, **AB 97 (Ch. 47, Statutes of 2013) amended** Education Code 41020 **to require** that the audit include a determination of whether funds were expended in accordance with the district's local control and accountability plan (LCAP). Pursuant to Education Code 52061, **as added by AB 97 and amended by SB 97 (Ch. 357, Statutes of 2013)**, the annual update to the LCAP must list expenditures for specific actions to be taken to achieve the goals in the LCAP, including expenditures for services to English learners, foster youth, and students eligible for free and reduced-price meals. See BP/AR 0460 - Local Control and Accountability Plan for requirements pertaining to the LCAP.

The audit shall include an audit of income and expenditures by source of funds for all funds of the district, including the student body and cafeteria funds and accounts, **state and federal grant funds**, and any other funds under the control or jurisdiction of the district, as well as an audit of student attendance procedures. The audit shall also include a determination of whether LCFF funds were expended in accordance with the district's local control and accountability plan or an approved annual update of the plan. (Education Code 41020)

(cf. 0460 - Local Control and Accountability Plan)

**(cf. 3230 - Federal Grant Funds)**

(cf. 3430 - Investing)

(cf. 3451 - Petty Cash Funds)

(cf. 3452 - Student Activity Funds)

(cf. 3551 - Food Service Operations/Cafeteria Fund)

Note: The following **optional** paragraph is for use by districts that elect to participate in the school district of choice program (Education Code 48300-48316); see BP/AR 5117 - Interdistrict Attendance. Pursuant to Education Code 48301, any district that elects to participate in the school district of choice program must ensure that its annual financial audit includes a review of the district's compliance with program requirements to establish a random, unbiased process for student admittance and to provide appropriate and factually accurate parent/guardian communications. A summary of any audit exceptions found by the auditor must be

included in reports to each geographically adjacent school district, the county office of education, CDE, and Department of Finance as required by Education Code 48313.

(cf. 5117 - Interdistrict Attendance)

**Comment [J1]:** PSD does not participate in school of choice.

Note: Pursuant to 31 USC 7502, Office of Management and Budget (OMB) Circular A-133, and subsequent compliance supplements, whenever the district expends \$500,000 or more in federal funds during a fiscal year, its audit of federal funds must be submitted to the federal audit clearinghouse designated by the OMB within the timelines specified below. Although submission of the report is often done by the auditor, it is the district's responsibility to ensure that it is submitted on time.

~~When required by federal law, specified records pertaining to the audit of federal funds received and expended by the district shall be transmitted to the federal clearinghouse designated by the federal Office of Management and Budget and shall be made available for public inspection. Such records shall be transmitted within 30 days after receipt of the auditor's report or within nine months after the end of the fiscal year, whichever is sooner, unless a longer period is agreed to in advance by the federal agency or a different period is specified in a program specific audit guide. (31 USC 7502)~~

Note: Pursuant to Education Code 41344 and 41344.1, the district may appeal to the Education Audit Appeals Panel (EAAP) when an audit finding requires the district to repay an apportionment or pay a penalty. If the EAAP finds that there has been substantial compliance with the law, it may waive or reduce repayments or order other remedial measures to induce future compliance.

If an audit finding results in the district being required to repay an apportionment or pay a penalty, the district may appeal the finding to the Education Audit Appeals Panel by making an informal summary appeal within 30 days of receiving the final audit report or initiating a formal appeal within 60 days of receiving the report. (Education Code 41344, 41344.1)

While a public accounting firm is performing the audit of the district, it shall not provide any nonauditing, management, or other consulting services for the district except as provided in Government Auditing Standards, Amendment #3, published by the U.S. Government Accountability Office. (Education Code 41020)

### Fund Balance

Note: The following **optional** section reflects GASB Statement 54, which addresses the manner in which fund balances in the general fund must be reported in external financial reports. Pursuant to GASB 54, the Board has sole authority to specify purposes of committed funds (item #3 below) and also must express, or the

authority to express, intended purposes of resources resulting in the assigned fund balance (item #4 below); see BP 3100 - Budget.
--

In accordance with GASB Statement 54, external financial reports shall report fund balances in the general fund within the following classifications based on the relative strength of constraints placed on the purposes for which resources can be used:

1. Nonspendable fund balance, including amounts that are not expected to be converted to cash, such as resources that are not in a spendable form or are legally or contractually required to be maintained intact
2. Restricted fund balance, including amounts constrained to specific purposes by their providers or by law
3. Committed fund balance, including amounts constrained to specific purposes by the Board
4. Assigned fund balance, including amounts which the Board or its designee intends to use for a specific purpose
5. Unassigned fund balance, including amounts that are available for any purpose

### **Negative Balance Report**

Note: When applicable, Education Code 42127.5 requires districts to report the reasons for a negative unrestricted fund balance or negative cash balance. "Unrestricted funds" are any funds that are not constrained by law to be spent on specific purposes and which therefore may be spent as the Board deems appropriate. Such funds may be reported in the committed fund balance, assigned fund balance, or unassigned fund balance as provided in items #3-5 in the section "Fund Balance" above.
---

Whenever the district reports a negative unrestricted fund balance or a negative cash balance in its annual budget or annual audit report, it shall include in the budget a statement that identifies the reasons for the negative unrestricted fund balance or negative cash balance and the steps that have been taken to ensure that the negative balance will not occur at the end of the current fiscal year. (Education Code 42127.5)

### **Non-Voter-Approved Debt Report**

Note: The following section addresses notices regarding the issuance of revenue bonds, certificates of participation, and other non-voter-approved debts. Pursuant to Education Code 17150 and 17150.1, the County Superintendent and county auditor may, within 15 days of receiving these notices from the district, comment publicly to the Board regarding the capability of the district to repay the debt obligation.

Pursuant to Education Code 42133, a district that has a qualified or negative certification in any fiscal year

cannot issue non-voter-approved debt in that fiscal year or in the next fiscal year unless the County Superintendent determines that the district's repayment of the debt is probable.

Upon approval by the Board to proceed with the issuance of revenue bonds or any agreement for financing school construction pursuant to Education Code 17170-17199.5, the Superintendent or designee shall notify the County Superintendent of Schools and the county auditor. The Superintendent or designee shall provide the Board, the county auditor, the County Superintendent, and the public with related repayment schedules and evidence of the district's ability to repay the obligation. (Education Code 17150)

(cf. 7214 - General Obligation Bonds)

When the Board is considering the issuance of certificates of participation and other debt instruments that are secured by real property and do not require the approval of the voters of the district, the Superintendent or designee shall provide notice to the County Superintendent and county auditor no later than 30 days before the Board's approval to proceed with issuance. The Superintendent or designee shall provide the Board, the county auditor, the County Superintendent, and the public with information necessary to assess the anticipated effect of the debt issuance, including related repayment schedules, evidence of the district's ability to repay the obligation, and the issuance costs. (Education Code 17150.1)

### Other Postemployment Benefits Report ~~(GASB 45)~~

Note: **The following section reflects GASB Statement 45 75, which replaces Statement 45 for fiscal years beginning after June 15, 2017, or sooner at the district's discretion. GASB 75** contains reporting requirements pertaining to "other postemployment benefits" (OPEBs) (i.e., medical, dental, vision, hearing, life insurance, long-term care, long-term disability, and other nonpension benefits for retired employees). **Under GASB 45, the district must report OPEBs as a current expense during the working years of an employee, calculated by an actuary using one of six specified actuarial cost methods. In addition, To the extent that the OPEBs are not prefunded in a designated fund or irrevocable trust, they must be reported as a liability on the district's financial statements. Under GASB 75, districts that do not provide OPEB through a trust are required to report the total unfunded liability (i.e., OPEBs that are not prefunded), as calculated in the most recent actuary report, in the district's financial statements. Previously, districts were allowed to amortize the unfunded liability over a period of up to 30 years and report the annual amount in financial statements.** The decision of whether to prefund the benefits, and by how much, is at the Board's discretion; see BP 3100 - Budget.

The SBE's criteria and standards for budget adoption (5 CCR 15440-15451) require districts to estimate unfunded OPEBs as well as the unfunded portion of any self-insured benefits program. Changes to the unfunded liabilities are disclosed at interim reporting periods pursuant to 5 CCR 15453 and 15464. These reports are included in the state's standardized account code structure software used to develop budget and interim reports.

CSBA's **GASB 45 Solutions program OPEB Solutions Program** provides access to qualified actuaries and consultants and a GASB 45-compliant trust to prefund future obligations. See CSBA's web site for further information.

AR 3460(f)

## FINANCIAL REPORTS AND ACCOUNTABILITY (continued)

## Attachment G Use CSBA Sample with Added Revisions

The following **optional** section may be revised to reflect district practice and should be deleted by districts that do not provide OPEBs.

In accordance with GASB Statement **45 75**, the district's financial statements shall report the ~~annual~~ expense of nonpension other postemployment benefits (OPEBs) on an accrual basis over retirees' active working lifetime, as determined by a qualified actuary procured by the Superintendent or designee. To the extent that these OPEBs are not prefunded, the district shall report a liability on its financial statements.

(cf. 4154/4254/4354 - Health and Welfare Benefits)  
(cf. 9250 - Remuneration, Reimbursement and Other Benefits)

The Superintendent or designee shall annually present the estimated accrued but unfunded cost of OPEBs and the actuarial report upon which those costs are based at a public meeting of the Board. (Education Code 42140)

Note: Pursuant to GASB **45 75**, the district must arrange for an actuary to update the valuation of its OPEB obligations ~~either every two years, (for OPEB plans with a total membership of 200 or more) or every three years (for OPEB plans with fewer than 200 members).~~ **The exception allowing OPEB plans with fewer than 200 members to perform the actuarial valuation every three years has been eliminated effective June 15, 2017. CDE correspondence dated February 26, 2007 indicates that districts with fewer than 100 plan members may use an alternative method that does not require the services of an actuary. The district may revise the following paragraph to reflect the district's circumstances. However, GASB 75 includes an option for the use of a specified alternative method in lieu of an actuarial valuation for purposes of determining the total OPEB liability for benefits provided through an OPEB plan with fewer than 100 members. Such districts may modify the following paragraph to reflect district practice.**

The district's financial obligation for OPEBs shall be reevaluated every two ~~or three~~ years in accordance with GASB **45 75**. ~~depending on the number of members in the OPEB plan.~~

### Workers' Compensation Claims Report

Note: The following **optional** section is for use by districts that are self-insured for workers' compensation claims, either individually or as part of a joint powers agency. See BP 3100 - Budget for provisions related to funding the estimated accrued cost of workers' compensation claims.

The Superintendent or designee shall annually provide the Board, at a public meeting, information and related actuarial reports showing the estimated accrued but unfunded cost of workers' compensation claims. The estimate of costs shall be based on an actuarial report completed at least every three years by a qualified actuary. (Education Code 42141)
