SELPA Responsibilities Mandated by Ed Code

- **Fiscal oversight and grant implementation**
- **Service delivery and program evaluation**
- **Professional development**
- **Interagency coordination**
- **Compliance support**
- **Community and parent interaction**

SELPA Goals for 2016 - 2017

- Support LEAs in continued **monitoring and implementation of high-quality, compliant programs**. Focus on issues related to Significant Disproportionality, Least Restrictive Environment (LRE) and Common Core State Standards.
- Support LEAs in provision of **service delivery** in the area of mental health supports, including development of quality services related to *Cognitive Behavioral Therapy*.
- Provide LEAs **professional development** related to the shift from discrepancy model to *Pattern of Strengths and Weaknesses* (PSW) assessment practices for identification of students with Specific Learning Disabilities.

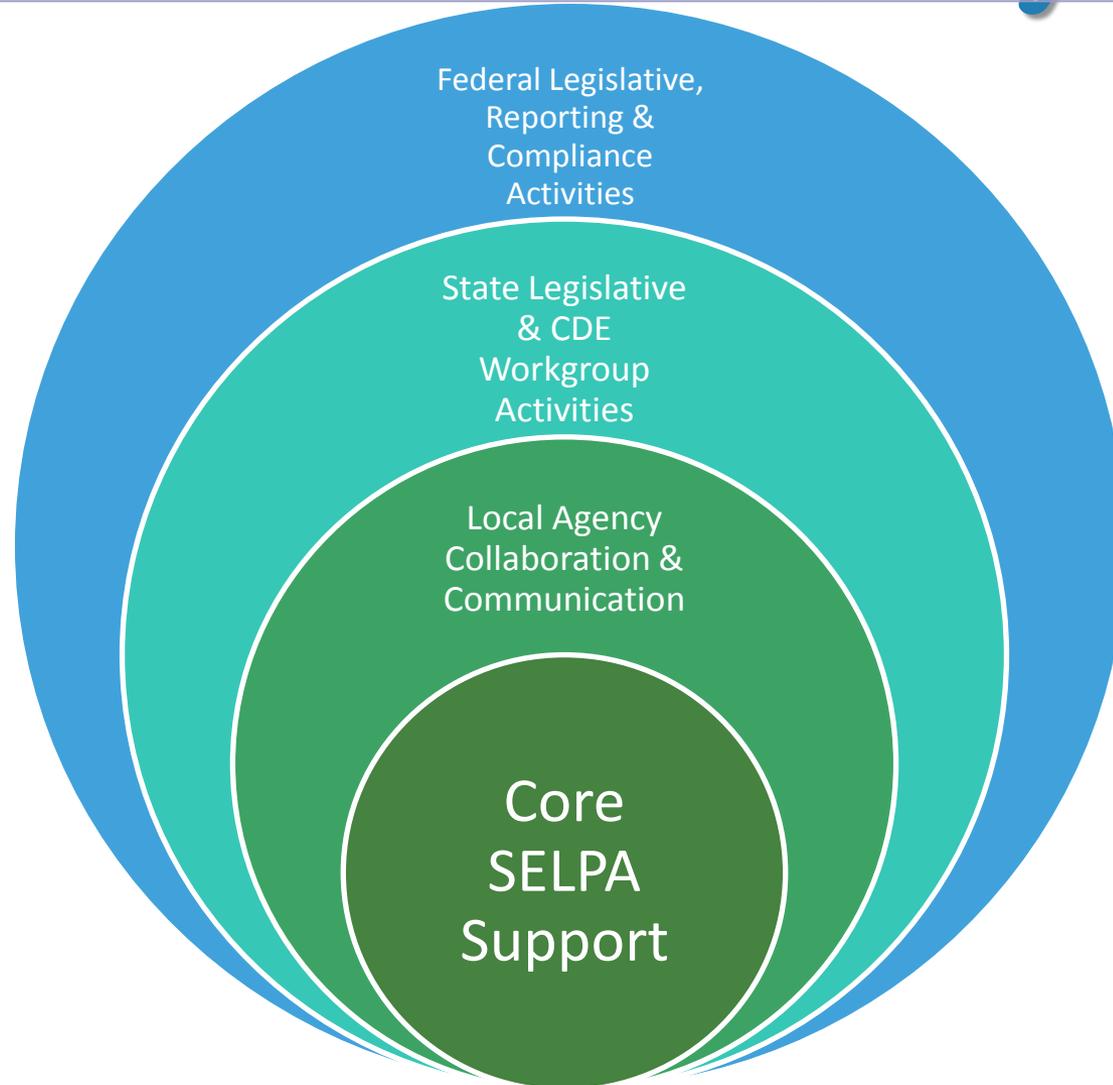

SELPA Goals for 2016 - 2017

- Provide training and leadership in **budget planning and oversight** to LEA Directors.
- Coordinate facilitation skills training to enhance mediation and **alternative dispute resolution** skills throughout the SELPA within all levels of staff.
- Provide ongoing **alternative dispute resolution** support in response to **compliance** complaints and as preventative measures in the SELPA.

SELPA in the Community

SELPA LCI Program

What happens to students placed in Group or Foster homes, or LCIs?

SELPA is contacted by Districts or Foster Youth Educational Liaisons

Students *without* IEPs are placed in the General Education program of the district in which the LCI is located.

Students *with* IEPs are placed in services that most closely match their current IEP. If the parents live *outside* of this SELPA, that will be in the district in which the LCI is located (unless the student requires an NPS or SMCOE placement. Then, they fall under the SMCOE). If the parents live *in* this SELPA, that will be in the district in which the *parents* reside.

Mental Health Supports

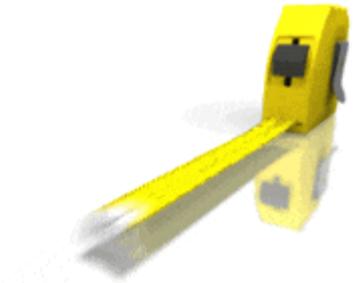

SELPA continues to provide local and regional support for the growth and implementation of quality and compliant mental health programs.

Pacifica has in house supports to provide the majority of their mental health services and uses SELPA resources, such as Natasha King consultation regarding program development and fiscal monitoring.

- Access to OWLS and HealthMaster
- Access to SELPA support services for challenging placements and cases

Purpose and Goals for Tools
