MEMORANDUM

Human Resources and Integrated Services

Meeting of

4/26/17

TO: Board of Trustees
FROM: Ray Avila, Associate Superintendent
SUBJECT: Authorization to Teach in a Departmentalized Setting
(Discussion/Action)

Recommendation

It is recommended that the Board approve the authorization to allow Emily Walley to teach Social Science in a departmentalized setting below grade 9.

Background

EC§44256(b) allows the authorization of a teacher with a Multiple Subject Credential or Single Subject to teach a commonly taught subject in a departmentalized setting below grade 9. Emily Walley, ELA teacher at Ingrid B. Lacy Middle School, will also be teaching Social Science classes. Ms. Walley has taken the required 12 lower college units in Social Science to qualify under the EC§44256(b) ruling. If approved by the Board, this would allow Ms. Walley to teach this subject to the students below grade 9.
