What is Ready4K?

“Developed by educational researchers, Ready4K is an evidence-based text messaging program for parents of newborns, 1-, 2-, 3-, 4- and 5-year-olds provided at no cost. Each week, you will receive fun facts and easy tips to boost your child’s learning. Ready4K activities build on the things that you already do with your child -- like getting your child dressed, mealtime, and bathtime -- to make boosting your child’s learning fast, fun, and easy. The research behind Ready4K shows that receiving fun facts and easy tips can significantly increase children’s learning.”

Thank you!
