MEMORANDUM

Administrative Services

Meeting of 08/23/17

TO: Wendy S. Tukloff, Ed.D., Superintendent
For Board of Trustees

FROM: Josephine Peterson, Chief Business Official

SUBJECT: Approval of Resolution 2017-08-23-D Declaring Emergency and Authorizing Reconstruction of School Facilities
(Action)

RECOMMENDATION:

It is recommended that the Board of Trustees approve Resolution 2017-08-23-D declaring emergency and authorizing reconstruction of school facilities.

BACKGROUND:

In July 2017, a seismic shutoff valve was installed on the main gas service line into Ocean Shore School to improve safety for students and staff in the event of an earthquake. In the course of this work the contractor performing the work also tested and examined the gas pipeline running into the school beyond the seismic valve and discovered significant corrosion on sections of the pipeline. Replacement of the corroded sections of pipe is necessary to ensure the safety of students and staff. The first class day of the 2017-18 school year is August 24, 2017 so there is urgency to complete the pipe replacement prior to this date. Gas service to the school has been temporarily shut off as a safety measure. Cost of the pipe replacement work is \$22,055.

Once authorized by the Pacifica School District Trustees, the resolution will be sent to the County Superintendent of Schools for approval.
