MEMORANDUM

Integrated Services

Meeting of

11/15/17

TO: Wendy S. Tukloff, Ed.D., Superintendent
For Board of Trustees

FROM: Ray Avila, Ed.D., Executive Director, Integrated Services

SUBJECT: Wellness Update: School Climate and Health
(Presentation/Discussion)

Background

Pacifica School District began our efforts for a more inclusive approach to wellness in 2012-2013 by embracing the guiding framework for the School-Wide Positive Behavior Intervention and Supports (SWPBIS) and including school climate in the district Wellness Plan. Thus, Pacifica School District Wellness now includes not only child nutrition and physical fitness, but school climate as well.

To ensure a systemic approach to wellness, Pacifica School District incorporated actions into our Local Control Accountability Plan (LCAP) in LCAP Goal 3 focusing on parent involvement, pupil engagement, and school climate and LCAP Goal 1 providing core instructional programs that include physical education. We are extremely excited regarding the activities that we are putting into place to ensure focus on LCAP Goal 3 and success with our metrics.

This presentation will provide a deeper review of the LCAP metrics data for Suspension/Expulsion and Chronic Absenteeism, along with results of the Physical Fitness Test as part of LCAP Goal 1 to provide for core instructional programs. We will continue to refine our activities and measures through a collaborative process with stakeholder groups based on analysis of data.

A PowerPoint presentation has been developed to share our current information.
