Educational Opportunities

***Note: The following section is optional. Education Code 51745 lists educational opportunities that may be provided through independent study. The district may revise or expand items #1-5 below to reflect district practice. ***

Educational opportunities offered through independent study may include, but are not limited to: (Education Code 51745)

1. Special assignments extending the content of regular courses of instruction
(cf. 6143 - Courses of Study)
2. Individualized study in a particular area of interest or in a subject not currently available in the regular school curriculum
3. Individualized alternative education designed to teach the knowledge and skills of the core curriculum, but not provided as an alternative curriculum
4. Continuing and special study during travel
(cf. 5112.3 - Student Leave of Absence)
5. Volunteer community service activities and leadership opportunities that support and strengthen student achievement
(cf. 0420.4 - Charter School Authorization)
(cf. 6142.4 - Service Learning/Community Service Classes)
(cf. 6181 - Alternative Schools/Programs of Choice)

In addition, when requested by a parent/guardian due to an emergency, vacation, or illness, independent study may be used on a short-term basis to ensure that the student is able to maintain academic progress in his/her regular classes.

(cf. 5113 - Absences and Excuses)

***Note: The following paragraph is for use by districts maintaining high schools. ***

Equivalency

The district's independent study option shall be substantially equivalent in quality and quantity to classroom instruction to enable participating students to complete the district's adopted course of study within the customary timeframe. Students in independent study shall have access to the same services and resources that are available to other students in the school and shall have equal rights and privileges. (5 CCR 11700, 11701.5)

(cf. 0410 - Nondiscrimination in District Programs and Activities)

The district shall not provide independent study students and their parents/guardians with funds or items of value that are not provided for other students and their parents/guardians. (Education Code 46300.6, 51747.3)

Eligibility for Independent Study

***Note: The following optional paragraph may be revised to reflect district practice. ***

Provided that experienced certificated staff are available to effectively supervise students in independent study, the Superintendent or designee may approve the participation of a student who demonstrates the motivation, commitment, organizational skills, and academic skills necessary to work independently. A student whose academic performance is not at grade level may participate in independent study only if the program is able to provide appropriate support, such as supplemental instruction, tutoring, counseling, ongoing diagnostic assessments, and/or differentiated materials, to enable the student to be successful. For an elementary student, the Superintendent or designee may consider the parent/guardian's level of commitment to assist the student.

***Note: The following paragraph limits eligibility for independent study to those students for whom state apportionments can be claimed. Education Code 46300.2 provides that districts will receive state funding for independent study for students who are residents of the county or an adjacent county. Pursuant to Education Code 51747.3, students whose residency status is based on parent/guardian employment within district boundaries (Education Code 48204(b)) are not eligible for funds apportioned for average daily attendance (ADA). ***

A student participating in independent study must be a resident of the county or an adjacent county. Full-time independent study shall not be available to students whose district residency status is based on their parent/guardian's employment within district boundaries pursuant to Education Code 48204. (Education Code 46300.2, 51747.3)

Deleted: No course required for high school graduation shall be offered exclusively through independent study. (Education Code 51745)[¶]
[¶] (cf. 6146.1 - High School Graduation Requirements)[¶]

(cf. 5111.12 - Residency Based on Parent/Guardian Employment)

For a student with disabilities, as defined in Education Code 56026, participation in independent study shall be approved only if his/her individualized education program specifically provides for such participation. (Education Code 51745)

(cf. 6159 - Individualized Education Program)

A temporarily disabled student shall not receive individual instruction pursuant to Education Code 48206.3 by means of independent study. (Education Code 51745)

(cf. 6183 - Home and Hospital Instruction)

***Note: Education Code 46300.1 provides that the district may not receive apportionments pursuant to Education Code 42238 for independent study for students age 21 or older, or for students 19 or older who have not been continuously enrolled in grades K-12 since their 18th birthday. However, pursuant to Education Code 46300.4, these students may be eligible for independent study through the adult education program for courses required for high school graduation; see BP/AR 6200 - Adult Education. ***

Students age 21 or older, and students age 19 or older who have not been continuously enrolled in school since their 18th birthday, may participate in independent study only through the adult education program for the purpose of enrolling in courses required for a high school diploma by Education Code 51225.3 or the Governing Board. (Education Code 46300.1, 46300.4)

(cf. 6200 - Adult Education)

***Note: The following paragraph limits enrollment in independent study to those students for whom state apportionments can be claimed. Pursuant to Education Code 51745, no more than 10 percent of the students enrolled in a continuation high school or opportunity school or program are eligible for apportionment credit for independent study. A pregnant student or a parenting student who is the primary caregiver for his/her child(ren) are not included in this cap. ***

No more than 10 percent of the students enrolled in a continuation high school or opportunity school or program, not including pregnant students and parenting students who are primary caregivers for one or more of their children, shall be enrolled in independent study. (Education Code 51745)

(cf. 5146 - Married/Pregnant/Parenting Students)

(cf. 6184 - Continuation Education)

Master Agreement

***Note: Education Code 51747 mandates that, in order for the district to receive apportionments

for independent study, the district must adopt and implement policy providing for a signed written independent study agreement which contains the components listed in the following section. Because apportionments are provided only for independent study of five or more consecutive school days pursuant to Education Code 46300, written agreements are required only in such instances. ***

A written agreement shall be developed and implemented for each student participating in independent study for five or more consecutive school days. (Education Code 46300, 51747; 5 CCR 11703)

The agreement shall include general student data, including the student's name, address, grade level, birth date, school of enrollment, and program placement.

The independent study agreement for each participating student also shall include, but not be limited to, all of the following: (Education Code 51747; 5 CCR 11700, 11702)

1. The manner, time, frequency, and place for submitting the student's assignments and for reporting his/her progress
2. The objectives and methods of study for the student's work and the methods used to evaluate that work
3. The specific resources, including materials and personnel, that will be made available to the student

***Note: Pursuant to Education Code 51747, the written agreement must contain statements reflecting Board policy pertaining to (1) the maximum length of time, by grade level and type of program, which may elapse between the time an independent study assignment is made and the date by which the student must complete the assignment and (2) the number of missed assignments allowed before an evaluation would be required to determine whether it is in a student's best interest to remain in independent study. See the accompanying Board policy. ***

4. A statement of the Board's policy detailing the maximum length of time allowed between an assignment and its completion and the number of missed assignments, by grade level and type of program, which will trigger an evaluation of whether the student should be allowed to continue in independent study

***Note: SB 858 (Ch. 32, Statutes of 2014) amended Education Code 51747 to change the maximum duration of the agreement from one semester to one school year. ***

Comment [WT1]: New law

5. The duration of the independent study agreement, including the beginning and ending dates for the student's participation in independent study under the agreement, with a maximum of one school year

6. A statement of the number of course credits or, for an elementary student, other measures of academic accomplishment appropriate to the agreement, to be earned by the student upon completion

7. A statement that independent study is an optional educational alternative in which no student may be required to participate

8. In the case of a suspended or expelled student who is referred or assigned to any school, class, or program pursuant to Education Code 48915 or 48917, a statement that instruction may be provided through independent study only if the student is offered the alternative of classroom instruction

(cf. 5144.1 - Suspension and Expulsion/Due Process)

***Note: Education Code 46300.7 states that apportionments shall be received for a student in independent study only if the district receives written permission from the parent/guardian, before the independent study begins, specifying the actual dates of participation, methods of study and evaluation, and resources to be made available for the student's independent study. Since all these components are included in the written agreement which the parent/guardian must sign, the parent/guardian's signature on the agreement satisfies the requirement to obtain his/her written permission. ***

9. Signatures of the student, the parent/guardian or caregiver of the student if the student is under age 18 years, the certificated employee responsible for the general supervision of independent study, and all persons who have direct responsibility for providing assistance to the student

The parent/guardian's signature on the agreement shall constitute permission for the student to receive instruction through independent study.

***Note: Education Code 51747, as amended by SB 858 (Ch. 32, Statutes of 2014), provides that the agreement may be maintained on file electronically. ***

The signed, dated agreement may be maintained on file electronically. (Education Code 51747)

Course-Based Independent Study

***Note: Education Code 51749.5-51749.6, as added by SB 858 (Ch. 32, Statutes of 2014), establish a course-based independent study option that may be offered beginning with the 2015-16 school year if certain requirements are met, as described below. As a condition of offering this option, Education Code 51749.5 mandates that the district adopt policy or regulations that comply with the legal requirements listed in the following section and any applicable regulations adopted by the State Board of Education. ***

***The following paragraph may be revised to reflect the grade levels offered by the district. ***

The district shall offer a course-based independent study program for students in grades K-12 subject to the following requirements: (Education Code 51749.5)

1. Courses shall be taught under the general supervision of certificated employees who hold the appropriate subject matter credential, meet the requirements for highly qualified teachers pursuant to 20 USC 6301, and are employed by the district or by another district, charter school, or county office of education with which the district has a memorandum of understanding to provide the instruction.

(cf. 4112.2 - Certification)

(cf. 4112.24 - Teacher Qualifications Under the No Child Left Behind Act)

2. Courses shall be annually certified by Board resolution to be of the same rigor and educational quality as equivalent classroom-based courses and shall be aligned to all relevant local and state content standards. This certification shall, at a minimum, include the duration, number of equivalent daily instructional minutes for each school day that student is enrolled, number of equivalent total instructional minutes, and number of course credits for each course, consistent with that of equivalent classroom-based courses.

3. Students enrolled in these courses shall meet the applicable age requirements established pursuant to Education Code 46300.1 and 46300.4 and the applicable residency and enrollment requirements established pursuant to Education Code 46300.2, 48204, and 51747.3.

4. Teachers shall communicate with each student in person, by telephone, or by any other live visual or audio connection at least twice per calendar month to assess whether the student is making satisfactory educational progress. For this purpose, satisfactory educational progress includes, but is not limited to, applicable statewide accountability measures and the completion of assignments, examinations, or other indicators that the student is working on assignments, learning required concepts, and progressing toward successful completion of the course, as determined by the teacher providing instruction.

Written or computer-based evidence of satisfactory educational progress shall be retained for each course and student, including, at a minimum, a grade book or summary document that lists all assignments, examinations, and associated grades for each course.

If satisfactory educational progress is not being made, the teacher shall notify the student and, if the student is under age 18 years, his/her parent/guardian. The teacher shall conduct an evaluation to determine whether it is in the student's best interest to remain in the course or whether he/she should be referred to an alternative program, which may include, but is not limited to, a regular school program. A written record of the evaluation findings shall be a mandatory interim student record maintained for three years from the date of the evaluation. If the student transfers to another California public school, the record shall be forwarded to that school.

(cf. 5125 - Student Records)

5. Examinations shall be administered by a proctor.
6. Statewide testing results shall be reported and assigned to the school at which the student is enrolled and shall be included in the aggregate results of the district. Test results also shall be disaggregated for purposes of comparisons with the test results of students enrolled in classroom-based courses.

(cf. 6162.51 - State Academic Achievement Tests)

7. A student shall not be required to enroll in courses included in this program.
8. The student-teacher ratio in the courses in this program shall meet the requirements of Education Code 51745.6.
9. For each student, the combined equivalent daily instructional minutes for courses in this program and all other courses shall meet applicable minimum instructional day requirements, and the student shall be offered the minimum annual total equivalent instructional minutes pursuant to Education Code 46200-46208.

(cf. 6111 - School Calendar)

(cf. 6112 - School Day)

10. Courses required for high school graduation or for admission to the University of California or California State University shall not be offered exclusively through independent study.
11. A student participating in this program shall not be assessed a fee that is prohibited by Education Code 49011.

(cf. 3260 - Fees and Charges)

12. A student shall not be prohibited from participating in independent study solely on the basis that he/she does not have the materials, equipment, or Internet access necessary to participate in the course.

Before enrolling a student in a course within this program, the Superintendent or designee shall provide the student and, if the student is under age 18 years, his/her parent/guardian with a written learning agreement that includes all of the following: (Education Code 51749.6)

1. A summary of the district's policies and procedures related to this program

2. The duration of the enrolled course(s) and the number of course credits for each enrolled course, consistent with the Board certifications made pursuant to item #2 above
3. The duration of the learning agreement, which shall not exceed a school year or span multiple school years
4. The learning objectives and expectations for each course, including, but not limited to, a description of how satisfactory educational progress is measured and when a student evaluation is required to determine whether the student should remain in the course or be referred to an alternative program, which may include, but is not limited to, a regular school program
5. The specific resources, including materials and personnel, that will be made available to the student
6. A statement that the student is not required to enroll in courses in this program
7. Signatures of the student, the student's parent/guardian if the student is under age 18 years, and all teachers providing instruction

The student's or parent/guardian's signature shall constitute permission for the student to receive instruction through independent study. (Education Code 51749.6)

The Superintendent or designee shall retain a physical or electronic copy of the signed learning agreement for at least three years and as appropriate for auditing purposes. (Education Code 51749.6)

Monitoring Student Progress

***Note: The following optional section may be revised to reflect district practice. ***

The independent study administrator and/or supervising teacher shall promptly and directly address any failure by the student to meet the terms of his/her written agreement. The following supportive strategies may be used:

1. A letter to the student and/or parent/guardian
2. A meeting between the student and the teacher and/or counselor
3. A meeting between the student and the independent study administrator, including the parent/guardian if appropriate
4. An increase in the amount of time the student works under direct supervision

When the student has missed the number of assignments specified in the written agreement as

requiring an evaluation, the Superintendent or designee shall conduct an evaluation to determine whether or not independent study is appropriate for the student. This evaluation may result in termination of the independent study agreement and the student's return to the regular classroom program or other alternative program.

A written record of the findings of any such evaluation shall be treated as a mandatory interim student record which shall be maintained for three years from the date of the evaluation. (Education Code 51747)

***Note: The CDE, in its Frequently Asked Questions available on its web site, clarifies that students in independent study are not subject to truancy laws. The determination of excused and unexcused absences is irrelevant because independent study students may complete assignments at any time and attendance is not the basis for credit. ***

Independent study students who are late, miss scheduled conferences, or do not submit assigned work on time shall not be reported as tardy or truant.

Responsibilities of Independent Study Administrator

***Note: The following optional section may be revised to reflect district practice. ***

The responsibilities of the independent study administrator include, but are not limited to:

1. Recommending certificated staff to be assigned as independent study teachers and supervising staff assigned to independent study functions who are not regularly supervised by another administrator
2. Approving or denying the participation of students requesting independent study
3. Facilitating the completion of written independent study agreements
4. Ensuring a smooth transition for students into and out of the independent study mode of instruction
5. Approving all credits earned through independent study
6. Completing or coordinating the preparation of all records and reports required by law, Board policy, or administrative regulation

Assignment and Responsibilities of Independent Study Teachers

***Note: The federal No Child Left Behind Act (20 USC 6319, 7801; 34 CFR 200.55-200.57; 5 CCR 6100-6126) requires teachers to demonstrate subject matter competency for each core academic subject they teach. Thus, middle and high school independent study programs may

choose to assign subject matter specialists to oversee student work related to their subject, while assigning supervising teachers to oversee matters of student attendance, work samples, parent/guardian communications, and other duties of "homeroom" teachers. Districts that implement such a model may revise the following section to specify the duties of both supervising teachers and subject matter specialists assigned to work with independent study students. ***

Each student's independent study shall be coordinated, evaluated, and carried out under the general supervision of a certificated employee who consents to the assignment. (Education Code 44865, 51747.5; 5 CCR 11700)

***Note: Pursuant to Education Code 51745.6, the equivalency of teacher-student ratios as described below is a necessary condition for the district to receive apportionments for independent study. The district may exceed these ratios, but those additional units of independent study ADA would not be funded. ***

***Note: SB 858 (Ch. 32, Statutes of 2014) amended Education Code 51745.6 to clarify that the teacher-student ratio must be equivalent with that of all other educational programs at the applicable grade span (i.e., K-3, 4-6, 7-8, 9-12), unless a new higher or lower grade span ratio is negotiated as described below. ***

Comment [WT2]: New law amended ed code. PSD currently follows this practice.

The ratio of student average daily attendance for independent study students age 18 years or younger to full-time equivalent certificated employees responsible for independent study shall not exceed the equivalent ratio for all other education programs at the applicable grade span in the district, unless a new higher or lower grade span ratio for all other educational programs offered within the grade span is negotiated in a collective bargaining agreement or the district enters into a memorandum of understanding that indicates an existing collective bargaining agreement contains an alternative grade span ratio. (Education Code 51745.6)

***Note: The remainder of this section is optional and may be revised to reflect district practice. ***

The responsibilities of the supervising teacher shall include, but are not limited to:

1. Completing designated portions of the written independent study agreement
2. Supervising and approving coursework and assignments
3. Maintaining records of student assignments showing the date the assignment is given and the date the assignment is due
4. Maintaining a daily or hourly attendance register in accordance with item #4 in the section on "Records" below
5. Providing direct instruction and counsel as necessary for individual student success

6. Regularly meeting with the student to discuss the student's progress

***Note: Pursuant to Education Code 51747.5, the district may only claim apportionment credit for independent study based on the time value of student work products as personally judged in each instance by a certificated teacher. SB 858 (Ch. 32, Statutes of 2014) amended Education Code 51747.5 to clarify that the teacher is not required to sign and date the work products. ***

7. Determining the time value of assigned work or work products completed and submitted by the student

8. Assessing student work and assigning grades or other approved measures of achievement

The Superintendent or designee shall ensure that independent study teachers have access to professional development and support comparable to classroom-based teachers.

(cf. 4131 - Staff Development)

Records

The Superintendent or designee shall ensure that records are maintained for audit purposes. These records shall include, but not be limited to: (Education Code 51748; 5 CCR 11703)

1. A copy of the Board policy, administrative regulation, and other procedures related to independent study
2. A listing of the students, by grade level, program, and school, who have participated in independent study, along with the units of the curriculum attempted and completed by students in grades K-8 and the course credits attempted by and awarded to students in grades 9-12 and adult education
3. A file of all agreements, with representative samples of each student's work products bearing the supervising teacher's notations indicating that he/she has personally evaluated the work or that he/she has personally reviewed the evaluations made by another certificated teacher
4. As appropriate to the program in which the students are participating, a daily or hourly attendance register that is separate from classroom attendance records, maintained on a current basis as time values of student work products judged by a certificated teacher, and reviewed by the supervising teacher if they are two different persons

(cf. 3580 - District Records)

The Superintendent or designee also shall maintain a record of grades and other evaluations issued to each student for independent study assignments.
