School Accountability Report Card

Reported Using Data from the 2014-15 School Year

Published During 2015-16

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (Most Recent Year)

Ocean Shore School provides a nurturing environment for project-based learning through a combination of whole class, small group, and individualized instruction. Thematic projects involve mixed-age groupings and inclusion of diverse learners. Students are actively engaged as creative problem-solvers and critical thinkers. Parents, staff, and community members collaborate within a shared leadership model to develop educational programs and provide instruction. Parents assist throughout the school and coordinate special projects including the library, computer lab, after school enrichment activities, and theme days. A strong community is developed at Ocean Shore School for students, families, and staff. Our students have leadership opportunities and practice peer mediation techniques for conflict resolution. We are committed to creating a positive climate for our diverse community.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP], Science California Standards Tests); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (Most Recent Year)

The opportunities for parent involvement at Ocean Shore are unique and outstanding. Our parents and teachers have built a nurturing community for students. Parents at Ocean Shore commit to a specific number of volunteer hours per year. Last year we had over 25,000 hours of parent participation. Many of our families have been participating in the school for more than ten years, and many of our teachers are former parents of Ocean Shore students. Parent leadership on the School Site Council and the PTO has resulted in the implementation of many support programs at our school, including PE, gardens, music, science labs, and art. Our parents take on many committee and project leadership roles, and they work alongside our teachers in implementing a project-based learning environment. For more information on how to become involved, contact Jonelle Chase at jonelle.matt@comcast.net or Katherine Preston at kpmft@yahoo.com.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

School Safety Plan (Most Recent Year)

Ocean Shore emphasizes the value of and the respect for our facility, our community, and ourselves. Our classrooms and playgrounds are very safe, and we have few incidents of fighting or bullying. Teachers, aides, and parents supervise our play yards. We have a well-developed programs that train students in respectful and accepting behaviors. We update our safety plan yearly and conduct all types of emergency drills including fire drills, evacuation drills, intruder drills, tsunami drills, etc. We maintain emergency supplies on site, including food and water. The school grounds are secured during the day. All visitors must enter through the front door and sign in at the office. The School Safety Plan was last reviewed, updated, and discussed with the school faculty in October 2015.

Professional Development (Most Recent Three Years)

Ocean Shore evaluates its program based on state and school assessments, yearly parent surveys, and progress in our designated areas of improvement: language arts, math, and science. Our staff meets three times a month to discuss best practices to meet our goals for improvement. In addition, daily classroom aides are hired by the PTO to assist teachers daily and supplement parent volunteers.

During the 2014-2015 school year, teachers focused on shifting to the common core standards for language arts by moving to the Reader's and Writer's Workshop model and continued piloting math materials for the new adoption. The teachers had five to six days of partial-day observations, trainings, and discussions regarding the implementation of these models. In addition, teachers began attending trainings in order to shift math to the new common core standards as well. Many teacher also attended trainings on project-based learning.
